

Home Sweet Home, a message from Jessica Higdon CEO

I would like to take a moment of your time to tell you that despite the year we had in 2020, I feel blessed.

Audubon Federal Credit Union has been blessed with previous generations who started us off on a firm foundation and then shaped us into where we are today.

As for our current team, I could not be prouder of how they have performed in 2020. Our Members have been amazingly patient and understanding waiting in drive thru, making appointments and wearing mask.

That said, family, home and friends are the center of our lives. We go to work each day to provide that Home Sweet Home. And Audubon, has reminded focused on that home front and our credit union family since 1956.

2021 is our 65th year, we will be pulling out all the stops to celebrate and discover ways to save you money so that it is possible for you to put money away for an emergency or special goal. We do not just want you to dream, we want to help you be a doer and reach those dreams, so take advantage of us, it is why our founders created us and why we exist!

Here is to many positive things for you and your family in 2021, we hope we can continue to be part of the positive!
